# Value-Driven Automation
## Enhance Productivity and Quality

### Quality
The 870's fully automatic weighing, wrapping and labeling capabilities ensure optimal package presentation. From high-resolution printed labels to strong, tightly wrapping seals, retailers and their customers benefit from the packaging capabilities of the 870.

### Easy to Use
Spend less time training operators with the 870's intuitive user interface. With trouble-shooting prompts and step-by-step graphical guidance, operation takes no time to master.

### Fast Production
With its ability automatically to weigh, wrap and label items with speeds up to 28 packs-per-minute, the 870 Auto Wrapper maximizes throughput. The machine offers high-speed labe printing at 6 inches-per-second. Less time spent in the backroom wrapping packages enables more time assisting customers.

### Small Footprint
With a total footprint of only 19 ft$^2$, the 870 Auto Wrapper has one of the smallest footprints of any fully automated wrappers on the market. Film and labels can be easily accessed from the front, requiring less space overall.

## 870 Auto Wrapper
## Automatic Weigh, Wrap and Label

Packaging quality matters to you and your customers. The 870 Auto Wrapper provides excellent fully automatic weighing, wrapping and labeling for maximum efficiency. The 870's small footprint and ergonomic design makes it a great choice for compact backroom spaces.

**METTLER TOLEDO**

- **Fully automatic weigh, wrap, and label processes**
- **Wrapping speed of 28 trays-per-minute**
- **High-speed label printing of 6 inches-per-second**
- **Intuitive user interface with touchscreen and tactile keyboard**
- **Easy to clean, hygienic design**
- **Quick and easy film and label changing**
- **Small footprint of 19 ft²**

### The Ideal Choice for Value

The high-performance 870 Auto Wrapper is perfect for retailers that demand excellent and efficient weighing, wrapping and labeling processes Robust, intuitive and efficient, 800 Series wrapping machines support weighing, wrapping and labeling for optimized backroom processes.

## Technical data
## 870 Auto Wrapper

**Speed**
28 packs-per-minute

**Tray Sizes**
1S, 2S, 17S, 20S, 4S, 8S, 9, 10S, 16S, 12S, 7, 25S

**Film**
METTLER TOLEDO Certified Film CF-10
14″ width or 20″ width

**Footprint (ft²)**
19 ft²

**Configuration**
Exit front

**Weighing Capacity**
0.7 oz.–33 lb.

**Weighing Range**
0–13 lb./13–33 lb.

**Machine Weight**
850 lb.

**Operating Range**
40° F–95° F (5° C–35° C)

**PLU Presets**
300

**Label Sizes**
**(Auto Application)**
1.1″–4.1″ length
1.4″–3.1″ width
9″ label roll capacity

**Labeler Options**
Single printer, front right

**Electrical**
208 or 240 VAC, single phase,
50–60Hz, 3 kVA, 15 A

**Controller**
800 Series Controller
Embedded Linux OS
Compact Flash Memory

**Network Interface**
Wired Ethernet
Wireless upgrade available

**Display/Keyboard**
12.1″ color LCD touchscreen
Tactile keypad
