VSI F T

BIZERBA

Intelligent slicing – the fully automatic vertical slicer VSI F T combines precision and slicing to target weight and a networked integration in the production process. The individual solution for more flexibility and efficiency.

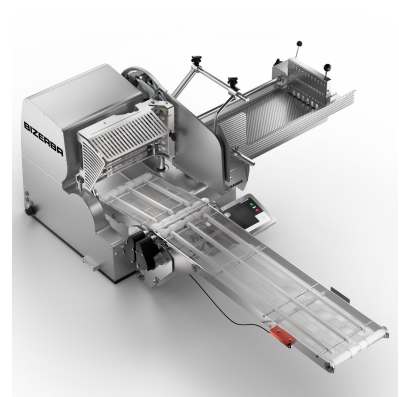

More information
High performance
with a wide range of
solutions and options.

Product description

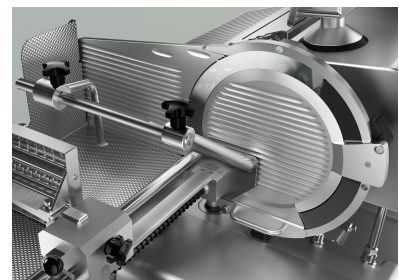

The VSI F T is the ideal slicer for line solutions with packaging machines, interleavers and tray dispensers for medium production quantities and little space. Perfect with customizable conveyors for line solutions or a combination of several slicers in a line.

Highlights

- Maximum efficiency during slicing thanks to customized and storable slicing programs (PLU) depending on the product to be sliced and the desired depositing type such as stacking, shingling, etc.
- SmarterSlicing functions:
 - Cleaning, sharpening and maintenance icons
 - Transparent monitoring and central data management
- Data and control system related signal exchange via I/O interface for an optimal integration in customer and line processes
- Integrated portion scale for target weight control including weight optimization within a portion
- Optimized according to hygienic design aspects and suitable for hose cleaning
- Swivel-mounted display allows ergonomically optimized work
- High slicing performance at minimal energy consumption due to Emotion® technology

Options

- | | |
|--|--|
| – I/O interface as a control system related interface for connecting interleavers, tray dispensers, packaging machines, etc. | – Conveyor belts: Various lengths and materials |
| – Slicing to target weight by means of a portion scale and automatically adjusted slicing parameters | – Stand mobile and stationary |
| | – Blade options: Ceraclean® blade, channeled, bread blade, stainless steel blade |
| | – Exclusive Ceraclean® surface finish |

Touch screen with customizable menu structure

My Bizerba

We offer you solutions from a single source which can be customized and allow you to respond to any change in a flexible manner. Benefit from costs which can be planned and efficient processes. We are happy to advise you.
